

Job Title: Sr. Show Manager

Organizing international B2B trade shows is the key element to our business and we invest a great deal of resources to achieve the highest level of service to our customers while meeting the company's overall branding and marketing objectives.

As a Sr. Show Manager, you will have the opportunity to showcase your own creativity as you envision, design, and execute a show production for each event that falls under your responsibility. The Sr. Show Manager will work with the VP of Technical Shows to develop the show budget, sales, and marketing strategy. The Show Manager will ensure the plans are executed by the marketing staff as well as other support teams in the office.
